District of Minnesota**

Christopher Roller
(Plaintiff)

Civil Action No. 07-1298 JNE/JJG

vs.

Central Intelligence Agency
(Defendant)

Affidavit

I hereby swear under oath the following.

1. The legal definition of notaries is hidden, only accessible if you are a notary member. Thus I don't fully know the law/rules of how they are operating by. So thus, I create the truth via my sworn testimony. This may turn into an unbelievable phenomenon if I can do this. Guess the laws and voila, they magically come true. Oh my goodness! From using my magic trick on people, I've noticed, and I think I know the following are correct, but I'm going to verify it after I make the following statements under oath as fact...
2. Notary publics, when they themselves sign a document with the word "oath" in it, the document is "Truth under Oath" without an oath witness. They can't even lie to themselves on paper, even though they can throw it away.
3. Notary publics, when they witness a signature of a document without the word "oath" in it, verifies under oath the validity of the signature, and verifies that the document is "Truth under Oath". It is a fact. It is truth. Every document they notarize now is the truth. Hmmm (hard to believe, but seems to be what I'm noticing).
4. All notaries are sworn under oath to become a notary. This gives them the power to administer the oath to others.
5. Administers of oath can grant/revoke the privilege to others.
6. Chris Roller is an oath administrator by default because he is God, making "Truth under Oath" happen.
7. All these properties of notaries apply to all oath administrators. If you are sworn under oath as your job, you are locked under these rules.
8. I'm going to try magic trick "Truth under Oath Unsigned" with myself first.
9. I will then get somebody else to try the trick on another. And it will work, thus I can pass this trick onto others.
10. Chris Roller will then make global his new trick, and then everybody can do the trick.

11. Then Satan is gonna go ballistic.

magic trick "Truth under Oath Unsigned".

1. First ask a subject if they can fly like superman. They will of course say no. If they say yes, come up with a impossible question that will say no to.

2. Then say, "Now, the magic trick I'm going to show you, will prevent you from saying no, via the power of suggestion. But first, as smoke and mirrors, to mystify the trick, I'm going to say the following. By shaking my hand, you enter into a contract with me in which you are sworn under oath for the next minute."

3. Shake hands.

4. Now say, "Can you fly like superman". They won't say no.

The magic trick works via the power of suggestion and mentalism.

Respectfully submitted,
