Subject Fraud concern.

I have a case 07-1182 against David Copperfield.

I'm finding there are frauds (people with godly powers before 1Jan2007) all over, many who are judges, and that may be the reason why I can't get a decision in my favor - because judges aren't recusing themselves, and are making decisions against me because of a conflict of interest concerning godly powers, because there is a massive coverup going on concerning godly powers.

As you've probably heard, no one under oath can lie to me.

I'm not sure about Judge Graham, so to protect myself in case 07-1182, I need the following statement, in a reply email, sent within a week.

"Honorable Jeanne J. Graham did not have godly powers before 1Jan2007."

Respectfully,  
Chris Roller
