vs.

GE Medical Systems Information

(Defendant)

Memo in Opposition to Motion to  
Dismiss

Memo in Opposition to Motion to Dismiss

ARGUMENTS

I agree with the dismissal of the patent infringement claim, but GEMS did not acknowledge my attempted murder claim. In particular, I allege I was poisoned by GEMS days prior to 24Aug2000. I threw up that night and was sick for about 3 days. I'm trying to stop the attempts on my life, and I just need a statement from GEMS stating they did not try to end me days prior to 24Aug2000. I will try to press the claim with a motion for summary judgment. Personal service on the defendant is being conducted as I write this.

CONCLUSION

For reasons stated above, I oppose the motion to dismiss. The claim for trying to kill me has not been acknowledged/denied yet.

Respectfully submitted,
