vs.

State of Minnesota
(Defendant)

Civil Action No. 07-1296 (JRT/FLN)

Partial Summary Judgment

Reply to Opposition of Motion for Partial Summary Judgment

ARGUMENTS

The defense evaded my allegations. They did not put my mind at ease. I would like to know that people are not trying to kill me.

What's more uncomfortable - accusing somebody of trying to kill me, or the fact that somebody doesn't assure me they're not trying to kill me. I assure you, it's the latter. Make the statements.

Federal crimes are being committed, appropriate for a federal lawsuit, federal question. This evasion of the truth via 11th Amendment is smoke and mirrors. Defense needs to find out what happened, find out if officers tried to kill me, and submit a statement.

If you don't want to deal with a city organization, then investigate #9 in my complaint and make a statement.

#9. "I was in Greg Stockmann's office on 20Apr2007, and I believe

someone tried to kill me from behind."

That was in the courthouse Galaxy Ave, in Apple Valley. Investigate and make a statement please.

CONCLUSION

The allegations remain undisputed. The hits occurred. Partial Summary judgment should be awarded, and charges filed on the officers. Defense can still submit an affidavit or declaration of Beverly Price and Derek Woodford is they wish to refute the claim.

Respectfully submitted,
